BILLING CODE 6717-01-M

On May 2, 1995, Transwestern filed a Stipulation and Agreement in Docket Nos. RP95-271, et al. which resolved, among other things, all issues relating to Transwestern's recovery of unfilled take-or-pay, buy-out, buy-down and contract reformation costs eligible for recovery under Order No. 528.

On August 31, 1995, Transwestern made an initial TCR II filing in Docket No. RP95-425. In that filing Transwestern sought recovery of \$10,622,519.55 ("TCR II-No. 1"). These costs were allocated based on the allocation factor ("TCR II Allocation Factor") under the TCR II mechanism stated in Transwestern's FERC Gas Tariff, Second Revised Volume No. 1.

Pursuant to the Stipulation and Transwestern's FERC Gas Tariff, Second Revised Volume No. 1, the TCR II Allocation Factor is to be recalculated for each Current Firm Shipper to be effective on each subsequent November 1 during the TCR II amortization period.

On September 29, 1995, Transwestern made an initial filing to calculate TCR II allocation factors for each Current Firm Shipper effective November 1, 1995.

Transwestern states that the purpose of this filing is to submit the tariff sheet containing the new TCR II reservation surcharges based on the updated TCR II Allocation Factors that resulted from the annual recalculation to be effective November 1, 1996.

Transwestern states that copies of the filing were served on its gas utility customers, interested state commissions, and all parties to this proceeding.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure.
